eco HD - HIGH DEFINITION CAMERA

Technical Data

Camera head:	<ul style="list-style-type: none">• Aspect ratio: 16:9• Image sensor: 1/3" CMOS• Immersible (using the attached cap)										
Voltage range (current consumption):	• 100-240 V (25 VA)										
Frequency:	• 50-60 Hz										
Device protection:	• 2x T3,15 A										
Video system:	<ul style="list-style-type: none">• Image resolution: full HD 1920 x 1080 (1080p)• TV resolution: > 900 lines• Sensitivity: < 3 lux (1/1.4)• White balance automatically, with data holdshutter speed: 1/50 (1/60) to 1/10.000 sec										
Connections	<table><tr><td>Video out terminal:</td><td>Other connections:</td></tr><tr><td>• 1x HDMI</td><td>• 1 x USB (A) (USB-keyboard)</td></tr><tr><td></td><td>• 1 x Remote IN (footswitch)</td></tr><tr><td></td><td>• 2 x Remote OUT (video printer, video recorder,...)</td></tr><tr><td></td><td>• 2 x RJ45 (Service)</td></tr></table>	Video out terminal:	Other connections:	• 1x HDMI	• 1 x USB (A) (USB-keyboard)		• 1 x Remote IN (footswitch)		• 2 x Remote OUT (video printer, video recorder,...)		• 2 x RJ45 (Service)
Video out terminal:	Other connections:										
• 1x HDMI	• 1 x USB (A) (USB-keyboard)										
	• 1 x Remote IN (footswitch)										
	• 2 x Remote OUT (video printer, video recorder,...)										
	• 2 x RJ45 (Service)										
Recording (optional)	<ul style="list-style-type: none">• Image format: JPG 1920 x 1080• Video format: Full HD 1920 x 1080; Mpeg-4 (H.264 Codec); Image rate 60fps• Connection: USB (A)										
Protection class (acc.to IEC 60601-1):	• I										
Safety class:	• BF										
IP code:	• 20										
Standard:	• IEC 60601-1-2										
Device classification (EU) 2017/745, annex VIII:	• I										
Features:	<table><tr><td>• White balance, boost function</td><td>• 2.5 digital zoom</td></tr><tr><td>• On-screen-menu</td><td>• Freeze function</td></tr><tr><td>• 10 user settings storable</td><td>• Character generator</td></tr></table>	• White balance, boost function	• 2.5 digital zoom	• On-screen-menu	• Freeze function	• 10 user settings storable	• Character generator				
• White balance, boost function	• 2.5 digital zoom										
• On-screen-menu	• Freeze function										
• 10 user settings storable	• Character generator										
Dimensions (WxHxD):	• 360mm x 125mm x 351mm										
Weight:	• approx.4,7 kg										
Delivery contains:	• CCU, camera head with 3,05m (10ft) cable, mains cable, HDMI - DVI cable, HDMI cable, user manual										

Options

Optional accessories:	• Waterproof keyboard	• Footswitch
-----------------------	-----------------------	--------------

Camera head without push buttons

Weight: approx. 150g
Size: d= 36,5mm; l= 65mm
(without bending sleeve)

Camera head with push buttons

Weight: approx. 180 g
Size: d= 38mm; l= 79mm
(without bending sleeve)
